Thank You from the bottom of my heart!!

I am not sure I can adequately sum up my feelings as this year comes to a close. It has been everything I dreamed it would be and more. The reason for that is all of you, the children and families. I am going to miss this class forever. They are the group that gave me a chance in the classroom again. Thank you for your support, kindness, gratitude, patience, and most of all for bringing your kids to school everyday. I am truly blessed to be in this room with these kids daily.

Special thanks to you for the gifts all week. It was the best to see the kids huddled around my desk anticipating and guessing each gift. We had so much fun!

Please stop in and see me at school this summer. Enjoy your summer and read a book or two.

Forever my favorite third grade class of 2023-2024!
